

The final or first stage of Bohusleden offers a pleasant hike into or out of Strömstad. Enjoy forest terrain, a stretch of country road, small roads, and winding paths through the agricultural landscape. You'll walk a few steps in the footsteps of the Carolinians on "Galärvägen," where Karl XII's troops hauled their boats from Strömstad to Idefjorden. Just a stone's throw away are the impressive ancient monuments of Blomsholm.
